

SUPPLIES NEEDED:

- Boat Craft Kit
- Make Waves Sticker

WHAT TO DO:

Each kid will:

1. Assemble the boat according to diagram
2. Apply the round circle “windows” to the side of boat
3. Apply the sticker on the sail
4. Put the stick through the sail and flag and push the stick into the boat
5. Let the kids know that the boat will float in water

Note: K-1st Grade classes will have the bottom portion of the boat put together

BOTTOM LINE RESPONSE:

Talk about a time you were on a boat. Ask the children if they’ve ever been on a boat. If they haven’t, ask them what they think it would be like on a boat. Say: “What would you do if you were Peter, and Jesus asked you to walk on water? (invite your child to respond) Say: “Jesus invited Peter to follow Him on the water, and today’s bottom line is Jesus invited people to follow Him.”
